

Let it shine!

Add a whole new dimension to your home & extra living space.

A conservatory with a solid roof means you can enjoy a pleasant, comfortable environment every season.

The Guardian™ roof system works perfectly on new build conservatories or by replacing the polycarbonate / glass roof on your existing conservatory. There are a whole list of advantages:

-  **LABC** Registered (minimise building control checks & approval process)
-  Achieves a U-value of 0.18 (England & Wales) and 0.15 (Scotland)
-  Comfortable ambient temperature all-year-round
-  Reduced fuel bills for the life of the roof
-  Thermal, structural and condensation risk tested
-  Fast installation utilising existing walls, windows and doors via our nationwide installer network
-  A wide range of roof colours & finishes available
-  Fully guaranteed

Introducing the Guardian™ solid roof conservatory
Cosy & warm in winter, nice & cool in summer

The conservatory you can enjoy all-year-round.

The **Guardian™ Warm Roof** system is the perfect solution for your home.

Our professional installation team will take great care to ensure the whole process is completed quickly & efficiently and with the minimum amount of disruption

By removing the existing roof and replacing it with a solid, thermally efficient Guardian™ roof we will effectively turn your conservatory into an integral part of your home.

Every aspect of your new roof is carefully designed & tested to give you a long-term guaranteed product.

By installing a thermally efficient Guardian™ roof you'll be creating a comfortable, practical room that you can use every day - without any of those nasty heating bills!

If you're thinking about a conservatory...

A Guardian™ Warm Roof option will give you the beautiful living space you've always wanted.

If you already have a conservatory...

A Guardian™ Warm Roof will transform your conservatory into a pleasant restful & homely environment - see next page:
